RESPONSIBILITY FOR DAMAGE

The Owner and/or Applicant shall be responsible for all contractors that are performing construction activities on the subject property and any damage that might be caused to the streets, curb and gutters, sidewalks, and line and grade of ditches and sewer, including dirt and/or debris on roadways and sidewalks or in sewer. The Owner and/or Applicant shall be liable for the repair or clean-up to the satisfaction of the Village of Heyworth. If the Owner and/or Applicant has not completed the repair or clean-up in a timely manner, the Village may complete the repair/clean-up at the expense of the Property Owner and/or the Applicant.

- A sketch or construction plans must accompany any Excavation, Utility & Curb Cut Application indicating location of all work to be performed and location of all existing utilities.
- If a building permit is applied for concurrently with this application, only one set of plans need submitted for both applications.
- Plans/sketches must show the lot and improvements with dimensions with direction of North indicated.
- All adjacent streets should be identified as well as any setbacks, easements and distances from property lines to building and other structures.
